

Graduate School of Home Economics (PhD Course)
[Doctoral Program in Human Life Studies]

Subject	*CREDITS*
Research on Human Health Science I(Sensory Physiology)	2
Research on Human Health Science II(Study of Pathophysiology)	2
Research on Human Health Science III(Metabolic Biochemistry)	2
Research on Human Health Science IV(Health Science)	2
Research on Human Development (Ontology)(Ontology)	2
Research on Human Development(Human Development)	2
Research on Human Development(Educational Science)	2
Research on Living Culture I(Culture of Human life)	2
Research on Living Culture II(Environmental Design and Analysis)	2
Research on Living Culture III(living Design)	2
Research on Living Culture IV(Food Culture)	2
Research on Living Culture V(Economics of Family Life)	2
Research on Living Culture VI	2
Research on Living Culture VII	2
Research on Food Materials(Food Materials)	2
Research on Food Materials(Food Ingredients Analysis)	2
Research on Food Materials(Physical Properties of Food)	2
Research on Food Materials(Physiological Functions of Food)	2
Research on Textile Materials I(Textile and Fiber Science)	2
Research on Textile Materials II(Conservation Science of Textiles)	2
Research on Textile Materials III(Colloid and Surface Chemistry)	2
Research on Food Use Planning I(Food Biotechnology)	2
Research on Food Use Planning II(Food Processing)	2
Research on Food Use Planning III(Nutritional Management)	2
Research on Food Use Planning IV(Dietary Design)	2
Research on Apparel Planning I(Clothing Psychology)	2
Research on Apparel Planning II(Clothing and Culture)	2
Research on Apparel Planning III(Apparel Design)	2
